

Kingsfield Nursery

Food Safety and Nutrition Procedures

Meeting dietary requirements

Snack and mealtimes are an important part of the day. Eating represents a social time for children and adults and helps children to learn about healthy eating. We aim to provide nutritious food, which meets the children's individual dietary needs and preferences.

- Staff discuss and record children's dietary needs, allergies and any ethnic or cultural food preferences with their parents.
- If a child has a known food allergy, please refer to our Allergies and Food Intolerance policy.
- Up-to-date information about individual children's dietary needs is displayed so that all staff and volunteers are fully informed.
- Staff ensure that children receive only food and drink that is consistent with their dietary needs and cultural or ethnic preferences, as well as their parent's wishes.
- Fruit and Vegetables are given for snack. We occasionally have toast or biscuits. Foods that contain any food allergens are identified.
- Staff aim to include food diets from children's cultural backgrounds, providing children with familiar foods and introducing them to new ones.
- Through on-going discussion with parents and research reading by staff, staff obtain information about the dietary rules of the religious groups to which children and their parents belong, and of vegetarians and vegans, as well as about food allergies. Staff take account of this information when providing food and drink.
- Staff provide a vegetarian alternative where
- All staff show sensitivity in providing for children's diets, allergies and cultural or ethnic food preferences. A child's diet or allergy is never used as a label for the child, they are not made to feel 'singled out' because of their diet, allergy or cultural/ethnic food preferences.
- Children all bring a bottle of water to nursery. This is accessible to the children at all times. Staff will refill empty bottles with fresh drinking water as and when necessary.
- Lunch and snack times are organised as social occasions.

Fussy/faddy eating

- Children who are showing signs of 'fussy or faddy eating' are not forced to eat anything they do not want to.
- Staff recognise the signs that a child has had enough and remove uneaten food without comment.

- Children are encouraged to eat their lunch but are not made to stay at the table after others have left if they refuse to eat certain items of food.
- Staff work in partnership with parents to support them with children who are showing signs of 'faddy or fussy eating' and sign post them to further advice.
